

State Assemblyman Dave Jones Takes a CRA Tour

Assemblyman Dave Jones (left) receives a repair process lecture from Lee Gamboa of Gamboa's Body & Frame, Sacramento, This powerful lawmaker spent over an hour on a tour that included details about computerized paint estimating systems. Note how both men are wearing safety goggles.

The CRA is most appreciative for the time that [State Assemblyman Dave Jones\(D-Sacramento\)](#) and his staff took to view the operations at [Gamboa's Body & Frame](#). Lee Gamboa and Rick Caron of Gamboa's focused on explaining the ins and outs of estimating the cost of paint and materials and how insurers attempt to underpay the true cost of painting a vehicle. The CRA is making a concerted effort to engage lawmakers in a fact-finding tour of collision repair facilities. If you would like your elected representatives to visit your facility, contact Richard Steffen, CRA's lobbyist, a rsteffen@pacbell.net; or call 916-524-8046.
